Eliminate render-blocking JavaScript and CSS in above-the-fold content

Your page has 2 blocking script resources and 2 blocking CSS resources. This causes a delay in

Mobile

rendering your page.

None of the above-the-fold content on your page could be rendered without waiting for the following resources to load. Try to defer or asynchronously load blocking resources, or inline the critical portions of those resources directly in the HTML.

[Remove render-blocking JavaScript:](#)

- <http://askspace.pl/public/tpl/js/jquery-1.10.2.min.js>
- <http://askspace.pl/public/tpl/js/jquery-ui-1.10.3.custom.min.js>

- <http://askspace.pl/public/tpl/css/jquery-ui-1.10.3.custom.min.css>
- <http://askspace.pl/public/tpl/css/style.css>

Consider Fixing:

Reduce server response time

In our test, your server responded in 0.56 seconds.

There are many factors that can slow down your server response time. [Please read our recommendations](#) to learn how you can monitor and measure where your server is spending the most time.

Minify CSS

Compacting CSS code can save many bytes of data and speed up download and parse times.

[Minify CSS](#) for the following resources to reduce their size by 870B (12% reduction).

Should Fix:

Configure the viewport

Your page does not have a viewport specified. This causes mobile devices to render your page as it would appear on a desktop browser, scaling it down to fit on a mobile screen. Configure a viewport to allow your page to render properly on all devices.

[Configure a viewport](#) for this page.

Size tap targets appropriately

Some of the links/buttons on your webpage may be too small for a user to easily tap on a touchscreen. Consider [making these tap targets larger](#) to provide a better user experience.

The following tap targets are close to other nearby tap targets and may need additional spacing around them.

- The tap target `` and 11 others are close to other tap targets final.
- The tap target `<div id="u_0_0">Like10K</div>` is close to 2 other tap targets final.
- The tap target `<button type="submit" class="inlineBlock _2tga _49ve">Like10K</button>` is close to 2 other tap targets final.
- The tap target `Top 20` and 4 others are close to other tap targets final.

Use legible font sizes

The following text on your page renders in a way that may be difficult for some of your visitors to read. [Use legible font sizes](#) to provide a better user experience.

The following text fragments have a small font size. Increase the font size to make them more legible.

- Zaloguj się renders only 5 pixels tall (12 CSS pixels) final.
